CLINICAL & PROFESSIONAL BIOGRAPHY

Melanie C. Driscoll, MSW, MCJ, LMSW, SSW is a Licensed Master Clinical Social Worker with extensive experience across private practice, hospital, school, and community-based settings. With a strong commitment to evidence-based treatment and compassionate care, Melanie integrates Cognitive Behavioral Therapy (CBT), Psychodynamic Therapy, Interpersonal Therapy (IPT), and trauma-informed interventions to support individuals navigating anxiety, depression, bipolar disorder, schizophrenia, post-traumatic stress, behavioral challenges, and life transitions. In healthcare and hospital settings, Melanie collaborates with interdisciplinary teams to provide holistic psychosocial support for individuals experiencing complex medical and emotional challenges. Within educational environments, she specializes in school social work services, behavioral support, and special education services designed to promote academic success, emotional regulation, resilience, and student wellness. Melanie also serves as a Special Education Services Provider, conducting evaluations and assessments for suspected and identified disabilities including Autism Spectrum Disorder, Emotional Impairment, Cognitive Impairment, and Other Health Impairments. Melanie earned a Master of Social Work from Wayne State University, a Master of Criminal Justice, and a Bachelor of Science in Sociology from Tennessee State University.

CLINICAL EXPEERTIS & ASSESSMENT EXPEERIENCE

Radiant Minds Mental Health Services, PLLC offers extensive clinical expertise in supporting children, adolescents, and families through evidence-based behavioral health and school-based intervention services. Clinical areas of expertise include anxiety, depression, trauma, behavioral disorders, emotional regulation, autism spectrum disorders, ADHD, grief and loss, crisis intervention, social skills development, executive functioning, and family systems support. Assessment experience includes school social work evaluations, FBAs, BIPs, behavioral observations, social developmental histories, multidisciplinary collaboration, and comprehensive educational reporting. The practice is committed to delivering high-quality, trauma-informed, culturally responsive, and strengths-based services that empower students, support educational teams, and promote positive academic, behavioral, and social-emotional outcomes.

PROPOSED SPECIAL EDUCATION & EVALUATION SERVICES

Radiant Minds Mental Health Services, PLLC is interested in partnering with school districts and educational agencies to provide contractual special education consultation and comprehensive evaluation services in support of multidisciplinary teams. Services may include school social work evaluations, social developmental histories, classroom observations, behavioral assessments, FBAs, eligibility support, REED reviews, consultation regarding special education compliance, comprehensive written evaluation reports, and multidisciplinary team participation. The practice is committed to providing thorough, objective, and timely evaluations that support informed educational decision-making, promote individualized student success, and ensure compliance with IDEA, Section 504, and Michigan Department of Education guidelines.

PROPOSED SCHOOL SOCIAL WORK SERVICES

Radiant Minds Mental Health Services, PLLC is interested in partnering with educational organizations to provide contractual school social work services that promote student achievement while addressing the social, emotional, behavioral, and environmental factors that impact educational success. Services may include school social work evaluations, participation in IEP teams, FBAs, BIP development, crisis response, attendance intervention, family engagement, case management, community resource coordination, consultation with school personnel, and support through MTSS and PBIS. The practice is committed to collaborating with educators, families, and community partners to remove barriers to learning, strengthen student outcomes, ensure compliance with state and federal educational requirements, and promote equitable access to educational opportunities for all students.

PROPOSED SCHOOL-BASED MENTAL HEALTH SERVICES

Radiant Minds Mental Health Services, PLLC is interested in partnering with school districts, public school academies, intermediate school districts (ISDs), and educational organizations to provide contractual school-based mental health services that support students' emotional, behavioral, social, and academic success. Services may include individual and group counseling, crisis intervention, social-emotional learning (SEL), behavioral support, trauma-informed care, grief and loss counseling, risk assessments, family consultation, mental health education, and collaboration with multidisciplinary educational teams. The practice is committed to promoting student well-being, improving emotional resilience, reducing barriers to learning, strengthening school engagement, and fostering safe, supportive, and inclusive learning environments where every student has the opportunity to thrive academically, socially, and emotionally.
